Nguyen Phuoc Thien

INTERN BACKEND DEVELOPER

0912078203 npthien124@gmail.com https://github.com/Thien1124 Thu Duc, TP. HCM

OBJECTIVE

Fourth-year Information Technology student at HUTECH University with foundational knowledge in programming and web development.. Has participated in developing projects using RESTful APIs with Node.js to build scalable backend services. Has initial experience integrating technologies such as Gemini AI API into applications. Seeking an internship opportunity to gain practical experience to improve programming skills and gradually develop into a professional Backend Developer.

SKILLS

Languages	JavaScript (ES6+).
Backend	Node.js (Express), RESTful API, JWT.
Real-time & AI	Gemini AI API integration, Socket.io.
Database	MySQL, SQL Server, MongoDB (Mongoose).
Tools & Appliccations	Git, Github, Postman, VS Code, MongoDB Compass, Docker.

PROJECTS

EnglishMaster – AI English Learning Platform 09/2025 - 12/2025

Backend Developer | Team size: 3 | ***Node.js, MongoDB, Google Gemini AI, Socket.io***

• **AI Integration:** Integrated **Google Gemini AI API** to dynamically generate context-aware educational content, intelligent feedback, and automated flashcard generation.
• **Advanced Security:** Implemented a robust security layer featuring **OTP/2FA authentication** and device management.
• **Data Management:** Developed modules for bulk data handling via **Excel/CSV import/export**, management of vocabulary decks.
• **Real-time Engagement:** Leveraged **Socket.io** to implement real-time gamification and instant notification systems.

THPT Online Quiz & Examination System 03/2025 - 05/2025

Backend Developer | Team size: 3 | Node.js, MySQL, SignalR, JWT

• **API Development:** Built a comprehensive **RESTful API** system to manage the full exam lifecycle, featuring automated scoring, anti-cheat.
• **Live Monitoring:** Utilized **SignalR** to enable real-time communication between students and teachers.
• **Efficiency:** Optimized administrative workflows by implementing **Excel bulk import/export**, significantly reducing the time required for question bank setup.
